 43 K Street NW (Parking Lot)  
Washington, DC 20001

 Saturday, April 22, 2023  
10:00 a.m. - 3:00 p.m.

*Rain Date: Saturday, April 29, 2022  
(Updated notices will be provided)*

Earth Day is an annual event first held in 1970 and used to highlight and support environmental issues and protection. Pepco is committed to the objectives of Earth Day and has a responsibility to address its own greenhouse gas footprint while working to provide customers with safe, reliable, affordable and sustainable energy.

### Pepco's environmental goals include:

#### Company

Reducing the greenhouse gas emissions from our operations and assets and building resilience for the future

#### Company

Empowering our customers to manage their energy use and emissions

#### Community

Modernizing the grid and supporting the District's climate change and clean energy goals

# Celebrates Earth Day

In conjunction with Earth Day 2023, Pepco will host an Earth Day celebration on Saturday, April 22, 2023 from 10:00 a.m. to 3:00 p.m. for the residents surrounding the Mount Vernon Substation site. The Mount Vernon Substation is being built to **strengthen the energy grid to safely serve the community now and in the future.**

## This year's Earth Day celebration will be used to:

- ✔ Bring residents surrounding the Mount Vernon Substation together to support Earth Day efforts
- ✔ Share energy efficiency tips and tools with residents
- ✔ Cleanup the community surrounding the Mount Vernon Substation
- ✔ Provide updates on the Mount Vernon Substation construction
- ✔ Share information on other Pepco initiatives
- ✔ Engage with the community through planting activities

## Refreshments Provided!

## Do you need to get rid of old electronics?

Pepco, in partnership with Columbus Property Management, will be collecting old electronics and properly disposing of them for recycling. Accepted items include computers, tablets, monitors, mobile phones, DVD players, VCRs, printers, mice, keyboards, gaming consoles, small-scale servers, e-readers, and computer speakers. Stop by to drop off your e-waste.
